Ref: Paul Barrett-Resident of Warren County Mississippi

I fully support the application of the petitioner, Paul Barrett, to the President of the United States for pardon.

I have known Paul for over twenty nine years in my capacity as a businessman and as an elected public official. I believe that he is fully rehabilitated and worthy of a pardon. He has been gainfully employed and remained a fine citizen since his conviction and retribution to the state.

Yours truly,

Michael J. Chaney
